### **BANKING ! The things that bother / inconvenience, us most.....After 65 + Years !**

\*One hour round trip to access our account (it used to be 5 FIVE minutes) at our *local shopping* center.

\*Waiting in long queues, made up of folk that have traveled even further !!

\***VERY, VERY, RIDICULOUSLY LOW** interest rates, (0.05percent )..... whilst we see **Directors being paid MILLIONS !!**

\*Yet when folks seek a loan.....15-23percent is what they are expected to pay, via credit card !!

\*Removal of teller access, in what used to be (Our 5 FIVE minute location )

\*Even for *disabled aged pensioners*, the Banking Community makes **NO Allowances !!**

\*What used to be our only reasonably close branch at Castle Plaza Shopping Center & **ACCESSIBLE** is closed for remodeling.

All rather sad really !!
