

closing banks

I wish to submit an email against closing our ANZ bank in Esperance WA. we rely on our bank as i go there at least 3 times a week, i deal with cash, and hate bank cards, i know once my cash has gone in my purse that i get no more until payday. our bank is always busy when i go there, so know there are a lot of people that rely on our banks to stay open. i wont do internet banking as am against it. i hate the way things are going in this world and people are out of jobs as places are closing, i love to see people face to face. yours truly Denise
