

Regional Banking Taskforce Submission

- Australians need a guarantee to have banking services where ever they live.
- Guarantee income to Australia Post and LPO's, ensuring the long-term viability of postal services across Australia.
- Guarantee all deposits of CPSB customers;
- Support the cash payments systems, so that cash is always available in the economy (the private banks are trying to phase out cash for electronic transactions)
- Lend to individuals, business and industries in the local communities the CPSB serves and
- Invest surplus deposits in a national development bank to invest in major infrastructure and industry development in regional Australia.

Thank you,

Robert Wilcox.
